	Blaine Webster	369-5679
	Michael Huzel	426-2118
	Kim Zalitach	426-5556

### Council Greetings

Council wishes to thank the electorate of the RM of Reynolds for putting their faith in us to carry out the business of the municipality.

We welcome discussions about your concerns.

First, we have to resolve the many issues created by the past council and former staff but, given time, we will be back on track to a fully functioning municipality. We trust you will be patient as we are doing our best to move forward and create, once again, a welcoming, helpful, municipal office.

For those who may be interested in clarification on common issues or for new landowners/residents, we are providing the following information:

### Council Meetings

Council meetings are held on the 2<sup>nd</sup> and 4<sup>th</sup> Tuesday of the month. As dates and times are subject to change, check with the RM office. All council meetings are open to the public, and all are welcome to attend. If you wish to appear as a delegation, to speak to Council, call the office for an appointment.

### Policy, By-law or special requests

Concerns related to council policy, by-laws, or requests for special consideration, must be made in writing to the RM of Reynolds office to be put on the agenda for consideration at a council meeting. You may discuss the matter with a council member or the CAO, but council will only consider matters initiated in writing.

**Public Works** If you have a road maintenance concern, please notify the RM office so the Public Works Manager can address the issue. Due to the size of the municipality, he may not be aware of all issues as they develop.

### **Private Driveway Permits/Maintenance**

All new or modified driveways must receive approval from the municipality and Water Stewardship to ensure that the culvert is properly sized. Please contact the Public Works Manager prior to purchasing a culvert or installing an access. Driveway culverts are the landowners' responsibility to maintain and keep clear of grass and brush.

**Snow Removal** When pushing snow from your driveway, push the snow to the right-hand side of your driveway so the snow removal equipment takes the snow away from your driveway instead of filling your driveway with the snow you just removed. Be aware that you are responsible for any damage to vehicles or equipment from frozen ridges left by you, on the road.

### **Animal Control By-law**

Many people in Reynolds do not realize that the previous council implemented an animal control by-law and retained an Animal Control Enforcement Company. All landowners must ensure their dog is contained on their property and kept quiet. If the dog is being walked, off the property, the person in care and control of the dog must use a leash and clean up droppings.

Within residential developments, 2 acres may seem like a large parcel of land until dogs start barking. As a dog owner, you are responsible for training your dog or using devices to keep your dog from barking. If you have a concern about a nuisance dog, please contact the RM of Reynolds' office to place a complaint. If a matter cannot wait until the office is open, you may contact a council member who can dispatch the Animal Control Officer.

Building permits are required for all structures with the exception of detached storage buildings with a foot print of less than 108 sq. ft. To obtain a building permit, please contact the municipal office to arrange a meeting with the Building Inspector. Any construction started, prior to issuance of a building permit, is subject to double permit fees. If you are unsure if you require a permit, it is your responsibility to ask a municipal representative if a permit is necessary.

**Waste Management Facility**

**Address:** 62125 Hwy. 11 (1/2 mile south of PTH 44)

**October 1st to April 30th**

Tuesday, Thursday, Friday, Saturday 8:00 to 4:30

Wednesday 11:30 to 8:00

**Tipping Fees apply for demolition waste**

Please call (204) 348-2125 for more information.

The Waste Management Facility collects all household and hazardous waste; electronics; florescent tubes; paint, household chemicals etc.

**Recyclables**

Recycling depots are available throughout the municipality for **HOUSEHOLD RECYCLABLES**: rinsed plastic containers; clean/dry paper, box board and corrugated cardboard (broken down and secured in an empty box.

**NON-HOUSEHOLD RECYCLABLES** must be taken directly to the Waste Management Facility such as: large items, windows, pianos, tires, couches, appliances, exercise equipment, furniture, pails of oil.

The recycling depot program was working well for a time but has become a dumping site for everything imaginable. The municipality will randomly install cameras to identify who is abusing the service. If this fails to resolve the situation, removal of recycling depots may be the final option.

**Leaving garbage in these depots is prohibited.**

**Garbage Pickup Service**

For the areas that do not have private garbage pickup service, if you have a truck and/or trailer, you are welcome to start a pickup service or co-ordinate with neighbours for scheduled garbage runs.

**Mobile Clinic in Prawda**

The mobile health clinic bus is stationed at Reynolds Community Club in Prawda on Fridays from 9:45 a.m. to 4:30 p.m. A Nurse Practitioner and a Nurse are available to provide examinations and diagnosis. Call 1-855-295-8296 to book an appointment or to check on times available for drop-in visits.

From November 15<sup>th</sup> to April 1<sup>st</sup> you do not require a burning permit from Manitoba Conservation. Please take precautions if you intend to burn during the winter.

**Payment Accepted at Office**

Our office accepts cash, cheque and e-transfers. Credit cards and Interact machines are not an option. You can also make payments through Credit Unions or register online with Telpay.ca for property tax remittance.

**Chamber of Commerce**

The Reynolds Whitemouth Chamber of Commerce was formed 2 years ago and meets monthly at the Reynolds Business Centre. This year the Chamber took on the enormous task of providing Christmas Hampers to those in need in the RM of Reynolds, successfully supplying 20 hampers to people in need. Congratulations to the Chamber members and to all who supported the initiative through fundraising and generous donations of food.

We will try to get this newsletter to all residents of the municipality. For those residents who do not receive their mail within the municipality, please contact the municipal office to provide an email address so future newsletters and notices can be sent electronically. Information will also be posted on the municipal website.

Watch for a Q&A on the municipal website to provide answers to common questions.
